### General Project Information

3. **General description of the project (Location, Technology, Partners) [100 words].**

Sack-Tech Business Ventures is the name of my business and its located at Tema Comm 22 to be precise. We have started operating a small business since I have been unemployed for some years now.

We produce cereals and black pepper sauce on a very small scale and we're also looking at dealing in tissues, diapers and plastic products which is on a high demand now. Currently we have no partners.

**Project Objectives:** With the support i get from bofam foundation i will be enable to produce on a larger scale and also employ some of the youth in my community by so doing will reduce the unemployment situation.

Am also looking at giving back to the community by way donating to the less privilege homes.

**Does the project involve women or marginalized groups?:** well since it more of cooking and selling am looking at employing at least 3 to 4 women to help in production.

**Describe any identified project risks and how you intend to mitigate against it:** Storage of product is one risk but I will buy a bigger freezer to store product.

4. **Expected project results and impact:** Improvement in living standard and also giving back to society
